Accommodations:

Built specifically for today's discerning charterer, ATREVIDA is both elegant and practical. Unusually large accommodation in four double-bedded cabins for 8 guests is one of the many features that stand her apart from the competition. There is also an occasional children's bunk-bedded cabin that can be available on request.

ATREVIDA offers plenty of space for relaxation on the deck. The interior is comfortable and practical, with an elegant varnished teak finish.

Large cockpit dining

A separate cabin with ensuite toilet is dedicated to the crew
