Mosaïque

Designed by the world-renowned Dubois Naval Architects, MOSAIQUE is a sophisticated, stylish vessel which, thanks to her thoughtful design and professional crew, simultaneously retains a sense of intimacy and ease throughout her spacious sundecks and aft decks, her opulent interiors and her luxurious suites.

A classic ambience, echoing the inviting feel of a large country house, sets the perfect tone for relaxation in the luxurious settings of Mosaïque's ample main deck saloon, linked to an elegant games room, which in turn leads through sliding glass doors to the formal dining room for 12. The spaces are gracefully decorated with mahogany paneling and satinwood banding, set off by neutral carpets, numerous paintings and a wide variety of objets d'art, while a lighter tone in the upper deck saloon offers a charming alternative.

On the main deck the magnificent, full beam master suite sets the standard for the remaining five staterooms on this and the lower deck, boasting a spacious owner's study, a separate seating area and a stunning bathroom lavishly decorated in onyx and marble. A fully integrated audiovisual system supplies all the cabins with an impressive selection of entertainment options.

Out of doors, the yacht's sundeck is a highlight of the design and incorporates a Jacuzzi pool surrounded by sunpads and loungers, a bar and two tables for informal, alfresco meals, allowing guests who so desire to drift through the day enjoying the finest cuisine and service in great privacy with the minimum of effort. The upper deck offers a great alfresco dining option with seating for up to 16 guests around a beautiful oval teak table sheltered by the sun deck above. This deck also hosts the yacht's gym equipment, which consists of a running machine, recumbent bike, training bench and weights. The bimini shade offers protection for maximum comfort.

Mosaïque is well-equipped with an abundance of water toys for endless hours of fun on or below the waves, under the watchful eye of the crew.

Guests can go for a ride on the wave runners; water-ski, knee or wake board behind one of the fast tenders; take a hair-raising trip on one of several inflatables; enjoy the underwater world by snorkeling, go fishing, kayaking or windsurfing.

Mosaïque's crew are more than happy to arrange theme nights on board or they are always available with the tenders to take a trip onshore for

sightseeing and shopping or to prepare a sumptuous barbecue on a secluded beach. The swim platform provides easy access to the water for both swimming and boarding the yacht's tenders and toys, which are discretely stored in the stern garage (lazerette) when not in use.

Offering a host of opportunities for guests to wind down in the ultimate style in some of the world's most stunning cruising grounds, life on board MOSAIQUE will not disappoint.
