

## PLAY THE GAME

PLAY THE GAME is a brand new, stunning Sunseeker 28m yacht, with a contemporary and ultra-stylish interior designed and finished to the highest specification – she is perfect for a luxurious charter.

The contemporary saloon, with access to a drop-down balcony via full length sliding doors, is incredibly bright and spacious making this the perfect area for more informal relaxation. The saloon comes equipped with an ultra high-tech entertainment system with flat screen TV, satellite TV system and blue ray DVD player, as well as an excellent top-of-the-range music system. Forward there is an elegant formal dining area which can seat 8 guests comfortably.

The exteriors offer laid-back luxury, with attractive and spacious entertainment areas, placing the emphasis on alfresco enjoyment. The Aft deck offers dining for 8 guests, however, it is the capacious flybridge, perfect for entertaining, that you will fall for. Generous dining with 2 “U” shaped seating areas with “rise and fall” tables facing each other, spacious forward sunpad, and additional relaxed seating area aft. These are complimented by 2 wet bars housing icemaker, fridge, BBQ and sink. The hard top with retractable inner canopy and further aft sun awning can be adjusted to offer shade from the sun, or opened to enjoy the stars come the evening. This flybridge is really the social heart of this luxury charter yacht.

There are a further 2 fantastic sunpads on the bow and further large seating area.

The full width master cabin is furnished with a king size bed, a walk-in dressing room, sofa, vanity area, flat screen TV and state of the art entertainment system. The VIP cabin, double cabin and twin cabins are all stylishly decorated. All cabins have ensuite shower rooms with large jet showers. Fluffy towels, guest slippers & robes, and deluxe toiletries complete the luxurious details.

The hydraulic bathing platform is a real bonus as it lowers and rises as you desire. Moor up and simply swim straight off the platform into the clear-blue, warm Mediterranean Sea. There is also a swim ladder if you prefer.

The tender to PLAY THE GAME is powered by 100hp jet engine which offers an exhilarating on-water experience and can tow a water skier and water toys with ease. A selection of snorkels, flippers, and water toys are available on board for your enjoyment.

Please note Profile Image is Sistership - new images to follow. Play The Game actually has a WHITE hard top not black as in the image.
